STAT

Chairman, DCI Intelligence Information Handling Committee

SUBJECT:

MCDS Briefings

1. As a follow-up to our meeting of 10 September, I would like to hold a second session on 29 September at 0945 for the principal purpose of exchanging briefings on planned and ongoing information handling development programs to support counterterrorist (antiterrorist) analysis and operations. Specifically, CIA is asked to brief DESIST/MCDS and DIA to brief DITDS and related initiatives. NSA is requested to provide an overview of automated handling of terrorist-related data [Redacted] etc.) within the SIGINT system.

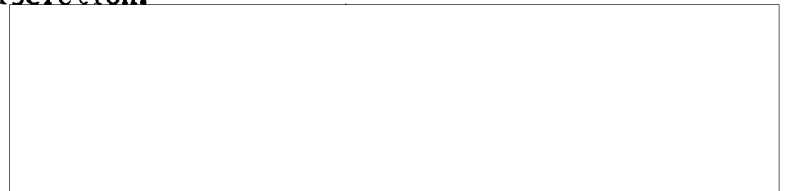

STAT

2. Each briefing will be allocated a half hour plus questions. Focus should be on operational objectives, services to be provided, security considerations, and basic system design concept rather than on technical details. We are looking to gain from the briefings an appreciation of the parallels and divergences among the various agency programs and their underlying operational requirements.

3. The meeting will be held in Room 6W02 of [Redacted]

STAT

[Redacted] Please confirm your attendance with [Redacted] Additional attendees from your agency may be invited at your discretion.
